6th-12th grade Reaching Out to Our Teens

Teens are quite possibly the most misunderstood segment of our culture. For many teens, their hope for the future is all but gone, and they are just worried about making it through another day. At Oaklawn, we understand their need for belonging and growth. We are committed to being living examples of the hope that is found in Jesus Christ, and we are eager to share that hope with every teenager that passes through our doors.

How we roll...
